

**Litchfield County Mutual FIRE INSURANCE COMPANY.**  
THIS Company has been in operation a considerable time, and has insured property to a very large amount. It has funds on hand, and property pledged sufficient to indemnify those who insure against any loss that will probably take place. The difference between the expense of insuring in this company and in ordinary insurance companies, is now too well understood to need any explanation. Individuals in this county, who choose to insure their property at a trifling expense, can apply to the Secretary in this village, or to the agents in the several towns.

**BRANDRETH'S PILLS!**  
ONE DISEASE HAST THOU ONLY, AN IMPURITY OF THE BLOOD, which, by impairing the circulation, brings an inflammation of the organ or part where such impurity of the blood settles.

**BRANDRETH'S Vegetable Universal Pills,**  
have a specific action on this impurity, which they soon remove, instantly relieving, and soon restoring to health; 500 persons can be referred to in New-York that these Pills have cured of various diseases, among which are, Dyspepsia or Indigestion, Nervous complaints, Ulcers, (some 30 years' standing), Consumption, Rheumatism, Stone and Gravel, Dropsy, Asthma, Piles, Flatula, Loss of Appetite, Languor, Worms of the head, Deep seated Pains, Tremor, Palpitation of the Heart, Palpitation, Debility, Want of Energy, Headache, Costiveness, Frightful Dreams, Fever and Ague, and Deafness. In all cases they will be found a safe and simple remedy, yet all powerful for the removal of disease, whether chronic or recent, infectious or otherwise; and what makes them particularly adapted for this country, is, that there is not the slightest liability to use them, taking them—indeed the system is absolutely less susceptible of cold when under their influence than at any other time; therefore in this climate they are invaluable. Neither do they require a change of diet, or care of any kind. In England, these Pills have been the only medicine of many families for periods of 40 to 60 years, and have always proved effectual in restoring health whenever an aberration from it has occurred.  
In many cases where the dreadful ravages of ulceration had laid bare ligament and bone, and where to all appearance no human means could save life, have patients, by using these Pills, been restored to health, the devouring disease has been completely eradicated. In consequence of the pleasantness of their operation and the dose not generally being required to be more than 4 or 5 pills—[merely keeping in view the drain upon the humor]—they are fast superseding every other preparation of professed similar import.

**Malice and Envy—Candor and Truth.**  
A COLLOQUY.  
**CUI BONO?** By which we mean, what good have our opponents not done us by their slanders?  
Malice and Envy we have heard since our youth. Were ever opposed, both to Candor and Truth. We believe it; we heard it; we never said nay. But we never knew it to prevail, till we saw it to-day. The four most malicious of our race, we mean: And Envy a Ghost, scarcely fit to be seen—Malice uttered it's lies, without measure or fear, Whilst Envy dared nothing more to do than to swear. They were met by bold fronted Candor, and blushed, Vile Malice was blushed and Envy was blushed: But not in plain truth, which came up the mean-while.

Had conversed with the friends, somewhat after this style—  
Malice—BRANDRETH'S PILLS! who a viler compound ever saw?  
Why really, their sale should be stopp'd by the Law! The man should be hung who will venture to make them.  
For they will be poisoned, who venture to take them; Envy—And yet folks take them, only think how they sell.  
In spite of the slanders, we both of us tell—Candor—Hold on for a second! whilst ten thousand try them!

How! if unsuccessful, would hundreds pray buy them? The thing is self-evident, all must allow. For their sale has increased, is increasing fast now; The gall of dark Malice! of Envy the spleen, 'Tis not BRANDRETH'S PILLS, do in vain intervene; That some who have taken his PILLS, may have died, Is a Truth, which a Fool would have only denied; Death must come to all, when the High one shall please: Our pretension is to all, to contest with Disease; They've been tried with success, both by age and by youth.

Ask TRUTH if it's not so?  
Truth—Yes, that is the TRUTH.  
This Medicine which has only to be used to become appreciated, and cures every disease when nature is not entirely exhausted, by the simple act of purgation.
